WHAT IS LSGA BEFORE SCHOOL MARTIAL ARTS?

The Before School Martial Arts Program is the brainchild of the LSGA PTSA. They noticed that there were many students who were dropped off early each day because of their parents work schedules. They decided that this “down time” would be a great time to offer a program that promotes physical activity coupled with character education and much more. They asked Premier Martial Arts Smyrna to partner with them in this endeavor.

WHY MARTIAL ARTS?

Frankly, we don’t know your child but we DO KNOW what your want for them:

- The confidence to be a leader, not a follower. To stand up for what they know is right or to raise their hand in class and ask/answer questions
- The self-discipline to keep their word, complete their work carefully or to avoid negative peer pressure
- The focus to ignore distractions and get all they need to get from their classes
- And much, much more

Unlike other sports, martial arts specializes in developing the whole child through a combination of physical and mental self-discipline. Our classes also include training in self-defense and personal protection, defusing conflict non-violently, and character education on topics such as positive attitude, potential, excellence, or perseverance.
